Technische Universität Berlin offers an open position:

Research assistant with focus on teaching - 0.5 working time - salary grade E13 TV-L

Berliner Hochschulen

Faculty I - Institute of Vocational Education and Work Studies
Reference number: I-491/21 (starting at the earliest possible / unlimited / closing date for applications 01/10/21)

Working field: The job holder is to contribute to the strengthening of teacher education in the state of Berlin with his/her academic work in teaching and research in the field of the Didactics of work studies. The existing research and teaching focus on consumer education and digitalisation at the department is to be expanded in order to advance the professionalisation of teacher training and to increase the international and national visibility of subject didactic research at TU Berlin. The job holder will work closely with the Institute of Vocational Education and Work Studies, Department of Work, Technology and Participation in a joint cluster on AI and digital education. Subject-specific didactic courses for student teachers in the Bachelor's and Master's degree programmes in work education are to be taught. The job holder is to offer and supervise research tasks for the degree. Participation in the academic self-administration of the university is desired.

Requirements:
- Fulfilment of the requirements for employment according to § 110a BerlHG; this includes a successfully completed university degree (Master, Diploma or equivalent) preferably in the field of humanities or social sciences with reference to education and a doctorate.
- Experience with social science research methods
- Scientific publication
- Pedagogical aptitude (especially teaching and research experience in the field of consumer education, digital education or digital working environments) as well as at least three years of academic or professional practice Ability to teach in both German and English is a prerequisite
- Experience with inter- and transdisciplinary cooperation desirable
- Professional experience, preferably in private sector
- Project management experience, especially with agile methods
- Ability to work in teams
